Our mission

Is to provide a fabulous local event which is accessible to everyone. Where families come together for an evening of fun, safe, affordable entertainment which caters to all generations.

Our vision

Why would we, the parish council, expend so much time and energy to make this event happen?

Our vision is to bring families together for part of a day where they can feel safe and relaxed filling minds with fantastic memories, creating recollections and conversation for weeks, months, even years to come.

A comedy performance is emotive and having fun is memorable.

We are ambitious that in five years' time, this simple idea will be a regular day of fun which so many people will enjoy.

So who can attend the Picnic in the Park?

The core audience is from Hatton and its villages. However, it does provide a central meeting point for extended families who may wish to use Picnic in the Park to congregate at.

The event is accessible and free to all.
